World-Class Experience in Facial Plastic and Reconstructive Surgery

A board-certified facial plastic and reconstructive surgeon, Dr. J. Regan Thomas is an internationally recognized expert in the field.

With 25 years of experience in bringing state-of-the-art advances to his patients, Dr. Thomas performs only facial plastic surgeries, specializing in the most advanced rhinoplasties, nasal surgeries, revision facelifts, scar revision treatments, eyelifts, browlifts, and injectable facial treatments.

“Our goal is to provide facial appearance improvement through aesthetic cosmetic procedures that look natural and not surgical,” he says, in expressing his and the center’s patient focus.

Dr. Thomas is a frequent teacher and lecturer in facial plastic and reconstructive surgery at medical meetings and conferences around the world, sharing his expertise with colleagues. Recognized by patients and fellow surgeons as one of the very best facial plastic and reconstructive surgeons in the world, his accomplishments include:

- Past president of the American Board of Facial Plastic and Reconstructive Surgery
- Past president of the American Academy of Facial Plastic and Reconstructive Surgery

PHOTO BY LISA PREDKO

- Past president of the American Academy of Otolaryngology–Head and Neck Surgery
 - Author of five medical textbooks on facial plastic surgery
 - Editor of a leading medical journal in facial plastic surgery
 - Member of the editorial board of two other top facial plastic surgery journals
- Please contact the center for a personal consultation.
